Guidelines for GIM Scholarship

1. BACKGROUND:

It is amply clear that no rise in general standards of living and culture is possible without strengthening the higher education system in the country. It obviously calls for a multipronged strategy. There is a need to modernize our higher education system, and equally important to continuously attract young and talented students to pursue higher education. It is being increasingly observed that the brighter lot is not pursuing Post-Graduate education in our institutions of higher learning. The main reasons behind that may be the majority chunk of students in Odisha face the financial constraints to afford for the higher education which subsequently force them to drop their study after or in between the graduation level. Understanding this requirement Global Institute of Management (GIM), Bhubaneswar has introduced a scholarship program to provide assistance to the financially backward and meritorious students. The GIM scholarship program is introduced in the year 2017 onwards adhering to the following guidelines.

2. OBJECTIVE:

To provide financial assistance to meritorious students from low income families to meet a part of their day-to-day expenses while pursuing higher studies.

3. SCOPE:

The scholarships will be awarded on the basis of the academic performance in HSC, Intermediate and graduation in colleges and universities.

4. GUIDELINES:

The management annually appoints all members of the Scholarship Committee charged with the evaluation of candidates for scholarships covered by this policy. In the beginning of every academic session applications are invited from the scholarship aspiring candidates. The applications received are scrutinized by the scholarship committee to award the scholarship to the deserving candidate on the basis of the selection criteria fixed as follows:

Scholarship Grants Selection Criteria

Criteria for scholarship grants may include

- As decided by the scholarship grant committee the GIM scholarship is awarded every year to the meritorious and financially backward students on the basis of the following minimum eligibility criteria
- The academic performance
- Family Income
- Any other academic or non Academic achievement (if any)
- Community/extracurricular involvement.
